Making the Quilt Top

1. Carefully following the layout from the finished quilt image, sew forty of the 2" x 6½" dot fabric strips, the 2" dot fabric squares and the 1½" x 2" cream fabric strips into eight rows. Each row should be laid out as in the diagram below. Press seams open or towards the darker fabrics as preferred.

2. Again following the layout from the finished quilt image, sew the remaining forty-two 2 x 6½" dot fabric strips, the 6½" print fabric squares and the 1½" x 6½" cream fabric strips into seven rows. Each row should be laid out as in the diagram below. Press seams open or towards the darker fabrics as preferred.

3. Sew the eight rows made at step 1, the seven rows made at step 2 and fourteen of the 1½" x 49½" cream fabric strips together to create the following layout. Press seams open or towards the darker fabrics as preferred.

4. Sew the remaining two 49½" sashing strips to the top and bottom of the quilt top. Press seams open or towards the darker fabrics as preferred.

5. Repeat with the 70½" strips, adding them to the two sides of the quilt top.

FINISHING THE QUILT

1. Sew the two pieces of backing fabric together along the long sides to make the backing. NB: remove selvedges first and use a ½" seam here.
2. Sandwich the backing, wadding and quilt top together and baste.
3. Quilt as desired and trim off excess fabric and wadding, squaring up.
4. Sew the binding strips end to end to make one long double fold binding. Sew to the quilt top, taking care to mitre corners.
